By the end of this session we aim to help you:

- Know what is planned
- When it will happen
- Understand what you need to do

SEEE focusses on expeditions - your Unit Leader or DofE Leader will deal with getting you registered for DofE and supporting everything else in your Award.

LIFE CHANGING ADVENTURE

Join the Gang as an adult helper!

Everyone is an unpaid volunteer with a busy life, who gives their time to help as many Explorers as possible take part in an expedition.

We run on the principle that “many hands make light work” so we can all balance the time we volunteer with demands of work and family commitments.

It’s a rewarding and positive experience, with the satisfaction of passing on skills, helping young people experience adventure and develop life skills, and a “bit of crack” with the other volunteers.

Please do contact us using this short form

We’ll get in touch for a quick chat - we are flexible and will suggest options we hope are practical for you. Here are some possibilities…

- **Quartermasters** – help get equipment ready and allocate to groups
- **DofE Leader** – provide occasional guidance, support and encouragement to Explorers doing DofE at one of the Units
- **DofE Management** – behind the scenes there is communication, record keeping, signing off progress – all of which can be done by anyone with a computer and basic skills.
- **Expedition Skills training** – help out at one or more training sessions with expedition skills such as map reading, navigation, basic first aid, camping
- **Expedition Supervision** – being part of the adult team supervising/supporting Explorers during the expedition
